

This tube cutter utilizes a spring to keep consistent compression on the cutting blade to the tube. This allows the user to cut through thin-walled steel tubing without having to continually tighten or readjust. Simply turn the adjustment handle until aligned, then turn the cutter until the tubing is cut. Makes the task of cutting through steel walled tubing faster and easier.

- Cuts a range of tubing sizes from 3/16" - 7/8"
- Spring loaded tube cutter
- Patented design

Package Type: Clamshell

Dimensions: 5.75" x 4" x 1.5"

UPC: 047084001578

Warranty: Lifetime vs. Defects and Abuse

Application:
3/16" – 7/8" tubing

Replacement cutting wheel: 157-600
