

Part No. 503 Large Bearing Splitter

PARTS BREAKDOWN

The image shows a metal clamp assembly. The central part is a metal body with a large central hole and two smaller holes at the top and bottom. It is held together by four threaded rods, one on each side. The rods are secured with hexagonal nuts. The parts are labeled as follows:

- 1: The central metal body.
- 2: The top threaded rod.
- 3: The bottom threaded rod.
