

## Ripple Quik Tester

In many vehicles, the alternator is in a difficult to access location, making direct testing methods problematic. The Quick Ripple Tester is designed to easily and efficiently test alternators for a variety of issues, including excessive ripple, through the DC outlet cigarette lighter.

- Allows the user to test an alternator for bad diodes, bad stators, and intermittent diodes or stators without ever lifting the hood.
- Simply plug the tester into the vehicles DC port and the tester will give results in a series of LED flashes to pinpoint exact problem.
- Cuts alternator diagnostic time drastically.
