

Part No. 996 Euro & GM Oil Socket Set

PARTS BREAKDOWN

The image displays the four components of the 36mm Chrome Vane Gauge:

- 1**: The 27mm Chrome Vane, a cylindrical metal piece with a tapered base and the text "27mm CHROME VANES" engraved on its side.
- 2**: The 32mm Chrome Vane, a cylindrical metal piece with a tapered base and the text "32mm CHROME VANES" engraved on its side.
- 3**: The 36mm Chrome Vane, a cylindrical metal piece with a tapered base and the text "36mm CHROME VANES" engraved on its side.
- 4**: The carrying case, a black plastic box with a hinged lid. The interior of the lid features a large circular opening for the 36mm vane. The base of the case contains three circular compartments, each housing one of the smaller vanes (27mm, 32mm, and 36mm).
