

The Amp Hound 2 is a designated Amp meter for a safe and convenient method to determine real time readings of current and amps in fused circuit without removing the fuse. Convenient and easy adapters that attach to a fuse or just touch the probes to the top of the fuse for an amp reading. Very safe to use with no chance of shorting a circuit while the fuse is removed.

- Ideal for locating a parasitic drain
- Takes amperage readings without having to access hard-to-reach components
- Special fuse adapters lock on to fuse for hands-free control
- Audible tone when in contact with fuse, ensuring use has complete contact
- Patent Pending
