

Many times, it is harder than it should be when working with clips and fasteners. It is a job that rewards using the right tool. Use this set to remove the most stubborn and hard-to-reach items.

Each tool in this kit has a unique offset and uses one of three different spreads, making sure you have the tool that works best.

- Great for removing plastic fasteners, clips, and retainers when working with interior and body panels
- Five offsets with three spreads (5mm, 7.5mm and 11mm)
- Polished chrome finish and rubberized handles for better feel and grip
