

20 PC Electrical Back Probe Set

This combination of quick-connect probes and 15.5" leads allows users to test electrical readings without having to disconnect harnesses and connectors.

- Stainless steel probes in .027" and .040" diameters in straight as well as 45° and 90° bends
- All items are color coded, making each circuit easier to identify during testing
- Leads can also plug into most multimeters when not using probes

Package Type: Plastic case with hook

Dimensions: 4.17" x 8.75" x 1.16"

UPC: 047084006139
