

This 2 in 1 tool allows you to quickly and effortlessly free front wheel hubs of Dodge® and Ford® trucks with the force provided by vehicle's power steering and without damaging expensive assemblies and possible other components. No other hub removal tool provides multi-vehicle applications.

- Reduces the time it takes to complete front end related jobs such as hub removal, replacing axle shafts, U-Joint and axle seals
- Quickly adapts for Ford ® and Dodge ® applications
- Ford adapter has an integral ring for protection of the stud threads
- Uses the force of the power steering system to loosen the hub assembly

Package Type: Blister Pack with Card

Dimensions: 2.71" x 10.5" x 1.24"

Warranty: Limited Lifetime Against Defects

UPC: 047084907009

#### Applications:

Together, this tool is applicable to Ford® F250 and F350 trucks. Remove the adapter and the tool is now ready for Dodge® 2500 and 3500 trucks.
