

Part No. 47

Light Bulb Pliers

Removing or installing automotive bulbs should not be a hassle. They can be fragile and easily broken. Sometimes it is hard to reach a bulb with only your fingers. The other concern is corrosion. These pliers make it easy to handle bulbs in any scenario, and the extended bulb grippers give you the ability to get into hard to reach areas.

- Fits many bulb sizes
- Gently yet firmly grips the bulb
- Rubber coated tips designed to grip bulbs safely
- Extended reach for recessed, corroded, and broken bulbs
- Scissor design for easy handling
