Ford and Mazda Crankshaft Holder

A quick and easy way to prohibit the crankshaft from turning when needing to either loosen or tighten the balancer bolt on many popular Ford and Mazda vehicles, or it can be used to turn the engine when doing timing work.

- Adapter securely fits the crankshaft to keep it from rotating when loosening the pulley bolt
- The ½" drive tab allows for the use of a ratchet or breaker bar
- Ideal for timing related jobs
- Heavy-duty construction and a rust resistant finish

Package Type: Box with label

Dimensions: 4.1" x 2.4" x 3" – 2 lbs.

Warranty: Lifetime Against Defects

UPC: 047084381007
