

Dual, 180° swiveling jaws and long-reach handles pliers make it easier to access and disconnect the quick connect fittings of various components, like the fuel and DEF lines found in automotive to commercial vehicle applications.

- Makes it easier to access and release the quick connect fittings found on fuel lines, DEF connectors, and other areas
- Swiveling jaws with 180° of articulation made from heat-treated steel for strength and durability
- Cushioned, textured handles provide comfort and additional grip, even when hands are covered in grease and oil
