

Used to grip and rotate an array of round and multifaceted objects with a 24" heat-treated chain. The extra-long, knurled handle provides the leverage needed in various situations.

- Grip nearly any round and multifaceted objects 3 to 6.75 inches in diameter, such as pipe, conduit, and other items
- Robust, 20" chrome-plated handle provides enough leverage for even the most stubborn items
- Quickly adjusts for another turn without removing the tool or resetting the chain
- Easily reverses direction with just a flip and quick reset of the chain
