

This fully articulated tool has dual, steel arms that aids users in disengaging both locks of quick connect fittings, and the compact design works even in the tightest of spaces where other pliers cannot reach.

- The patented swiveling head design offers a 360-degrees rotation in multiple directions to create seemingly endless configurations
- Anti-slip jaws, forged from high-strength steel for superior leverage when releasing the stubborn locking clips of quick connect lines
- The ergonomic, textured handle allows for one-handed use even when they are covered in oil and grease

Package Type: Sliding blister and card

Dimensions: 2.24" x 5.5" x 1.1"

UPC: 047084686003

Warranty: Limited lifetime vs. wear & abuse

Applications:

Quick connect fittings with dual locks typically found on the lines of fuel, coolant, DEF, and other systems
