

Freeing seized anchor pins often involves a lot of frustration and even more extreme measures, like a torch. This brake anchor pin press removes the pins and bushings with ease.

- Remove brake anchor pins and bushings on 16-1/2" S-cam brakes and other quick-change setups on semi-trucks and trailers
- Compact design allows for use without removing components such as dust shields and hubs
- 10-ton capacity C-frame to handle the high torque generated during removal
- For use with a 1/2" drive impact
