

76110

Brake Line Bending Tool

This compact and versatile tool allows users to create bends of various angles in steel and aluminum brake lines without fear of kinking or damaging it.

- Create multiple angles in steel and aluminum brake lines up to 3/16" (4.75mm) in diameter
- Each end of the tool offers a different bend radius, 5mm and 10mm
- Durable, powder-coated finish to resist wear and corrosion
- 15/64" (6mm) hex port allows for the use of a hex key or bit providing more control and leverage

Package Type: Box with Labels

Dimensions: 1.85" x 4.56" x .57"

UPC: 047084761106

Warranty: Lifetime vs. Defects and Abuse
