

Cal-Van TOOLS

The Telescopic Polished Stainless-Steel Mirror is designed with a polished stainless-steel mirror instead of a traditional glass mirror. Handle can be extended from 6" to 25" to provide easier access to hard reached engine compartments.

- Telescopic handle extends from 6" to 25"
- Provides user with easy access to see hard-to-reach areas
- Smooth, flexible connector with 360° rotatable foldable head
- Ergonomic rubber grip
- Polished stainless steel mirror
