

72800CV

Brake Caliper Wind Back Tool

The Brake Caliper Wind Back tool allows the user to work in both directions, clockwise and counterclockwise with one tool. Rear disc brake caliper is the primary function for rotating pistons back into caliper to provide clearance of replacement pads. This set can be used in conjunction with other brake caliper sets.

- Allows the user to work on clockwise, counter-clockwise and static/push-back brake calipers with one tool
- The adaptability of this tool allows it to be used on almost any automotive application
- With included adapter, it can be used in conjunction with other sets

Package Type: Box with Label

Dimensions: 7.4 x 2.62" x 3.99"

Warranty: Lifetime vs. Mfg Defect

UPC: 047084728000

Applications:

- 2-pin and 3-pin brake pistons
- Adjusts to fit calipers pistons with a 20mm – 38mm diameter
